

FREIGHT FORWARDING AND CLEARING SERVICES FOR SASOL PETROLEUM TEMANE PUBLIC TENDER PRE-QUALIFICATION ADVERTISEMENT – EOI-SPT-2016-12/01

SASOL PETROLEUM TEMANE LIMITADA (SPT), a Mozambican joint-stock company, manages the interests in oil and gas assets in Mozambique.

SPT is developing and operating reservoirs in Mozambique, Inhambane Province, to supply processed gas to consumers throughout Mozambique and South Africa.

Gas and associated condensate from the reservoirs are processed at the Central Processing Facility (CPF) plant located in Temane, approximately 60 km NW of the town of Vilankulo by road and 5 km to the West of the EN1 coastal highway.

SPT intends to contract a company to provide logistics services, consisting essentially of the Management and Coordination of collection, storage, dispatch, transportation, customs clearance and delivery of various goods (material, equipment, consumables, among others) imported from several countries, and dates indicated in the Shipping Instructions provided by the SPT. These services also include loading and unloading, packaging, inspection / verification of the merchandise, interaction with the various logistics agents involved in the process, as well as all other associated logistics services, as established in the obligations of the Supplier (Contracted Company), which shall form an integral part of the contract.

For the purpose of this pre-qualification advertisement and for SPT to understand what the capability of the company is, the company shall provide SPT with:

- i. Copy of the relevant Alvara registration certificate or commitment that the company will have the relevant Alvara registration at commencement date of the services;

- ii. A description of the company (including description of core business, area of operation, number of employees and organisational structure);
- iii. Submission of the company's financial statements, Balance Sheets for the past 3 financial years;
- iv. Portfolio of contracts: the company is to provide a reference list of clients, scope of projects completed and in progress and contract values for the past 3 years;
- v. Company's Safety, Health and Environmental (SHE) policy (must) and description of company's SHE management system

The information required above is for prequalification purposes only and shall in no way be construed as a commitment from SPT to award a contract to any party or parties as a result of the participation of a party or parties to the prequalification process.

Should you require any further particulars, then you are requested to contact the undersigned by e-mail.

Please note that responses are due to be received by Sasol by 20th of January 2017 and that the document shall be in Portuguese or the English language.

Your response is requested in Portuguese or English, by e-mail to the undersigned at the contact details given herein.
