ABOUT FUTURE ENERGY AFRICA

Africa's new meeting point, the Future Energy Africa 2018, brings a power packed 3-day conference and exhibition, dedicated to advancing future oil, gas and energy solutions for the continent. With far reaching industry collaboration, under the esteemed patronage of the Department of Energy South Africa, the event is set to attract leading governments, national oil companies, international oil companies and industry experts to provide in-depth analysis and an honest reflection of Africa's set to revolutionize the future.

**FUTURE ENERGY
AFRICA CONFERENCE &
EXHIBITION PROVIDES AN
INTENSIVE TOUR ACROSS
AFRICA, REVEALING
INSIGHTS ON THE ISSUES
CONFRONTING AFRICA'S FUTURE
COMMERCIAL, BUSINESS AND
SOCIO-ECONOMIC TRAJECTORIES.**

WHY FUTURE ENERGY AFRICA?

Meet with Ministers from across Africa to address the industry on country strategies

FEA TV: A dedicated platform for on-stage interviews, "in conversation" dialogues, digitization megatrends, corporate commercials, knowledge sharing and industry insight.

Increasing & Strengthening Local Content address challenges and opportunities for capacity building

Power Generation meet with Utilities and IPPs, build strategic partnerships to meet Africa's growing energy demand

Renewables in Africa: Tap into development initiatives and solutions supporting the advancement of renewable energy in Africa

IOC-NOCs Panel Discussion reinventing strategies for a sustainable energy future

Policy makers discuss confronting challenges of transformation

Finance & Investment focus for equitable economic growth and enhanced bi-lateral trade

Prime networking opportunities to facilitate dialogue between senior level executives and decision makers

Country Market Focus with unrivalled insight from Eastern-Western-Southern Africa regions

On-stage Interview with Africa's large upstream independent explorers led by CNBC Africa

Global Exposure to international and domestic oil, gas & energy value chain

Forge new operating models that will challenge conventional practices

Africa's Natural Gas inspect how the continent will succeed in it's role to decrease the carbon footprint

Centre of Technical Excellence Seminar Learn about latest technologies boosting efficiency and lowering costs

The full energy value chain will include:

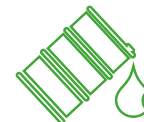

GOVERNMENT LEADERS

NATIONAL OIL COMPANIES

INTERNATIONAL OIL COMPANIES

INDEPENDENT OIL & GAS OPERATORS

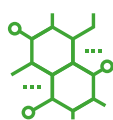

FINANCIERS & INVESTORS

GAS AND LNG COMPANIES

INTEGRATED ENERGY COMPANIES

TECHNOLOGY PROVIDERS

POWER GENERATION

TRANSMISSION & DISTRIBUTION

LEGAL AND INDUSTRY ANALYSTS

EVENT HIGHLIGHTS

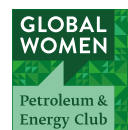

FREE TO ATTEND

“IN CONVERSATION WITH INDUSTRY EXPERTS”

1 – 3 OCTOBER, EXHIBITION FLOOR

A new feature of the 2018 Future Energy Africa Exhibition and Conference, FEA TV provides exhibitors and conference participants with an indispensable source of information, a dedicated platform for on-site interviews, “in conversation” dialogues, digitization megatrends, corporate commercials, knowledge sharing and industry insight. Companies using FEA TV can run a series of stirring, visually dynamic commercials that make attendees stop and take notice.

ABOUT THE FUTURE ENERGY CLUB

EXCLUSIVE

The Future Energy Club is an exclusive membership club for the oil & gas industry in Africa and provides a platform for leading industry figures to interact at the highest level, privately and securely. The primary objective of The Club is to strengthen existing connections, whilst facilitating the establishment of new relationships between senior oil & gas executives on-site at the Future Energy Africa Exhibition & Conference. The Club draws members from major NOCs, IOCs and other major oil and gas companies. Membership is reserved and complimentary for C-Suite level, or equivalent, individuals and above.

To join as a member please contact: info@futureenergyafrica.com

ABOUT THE CENTRE OF TECHNICAL EXCELLENCE (COTES)

FREE TO ATTEND

Spanning upstream, midstream and downstream oil and gas with the integration of alternative energies, held over 3-days, COTES sessions are free-to-attend and located in the heart of Future Energy Africa's 1000+square meter exhibition set to attract 2500+ visitors and 50+ technical industry experts over 3-days producing 20+ hours of inventive content.

DAY 1

STRATEGIC CONFERENCE AGENDA

MONDAY 1 OCTOBER 2018

SEPARATELY BOOKABLE

07:30 Registration & Networking Coffee

09:00 – 09:10 Welcome Remarks by Chairman

Christopher Hudson, President, **dmg events, Energy Division**

09:10 – 09:30 **Opening Welcome Address**
South Africa's Transition to a Low-Carbon Economy by 2030: Key Challenges & Developments

His Excellency, Jeff Radebe, Minister of Energy, Department of Energy of the Republic of South Africa

09:30 – 11:00 **Session 1: Ministerial Panel Discussion**
Regulating & Transforming the Oil, Gas and Energy Sector to Foster a Secure, Sustainable and Affordable Energy Landscape

Hon. Dr. Emmanuel Ibe Kachikwu, Minister of State, Petroleum Resources of The Federal Republic of Nigeria

Hon. Charles Keter, Cabinet Secretary, Ministry of Energy, Kenya

Hon. Irene Muloni, Minister of Energy and Mineral Development, Uganda

Moderator:

Didi Akinyelure, Business Correspondent, Thomson Reuters

11:00 – 11:30 Morning Coffee & Networking

11:30 – 13:00 **Session 2: Africa's IOC-NOC's Panel Discussion:**
Re-Inventing Strategies for a Sustainable Oil, Gas & Energy Future

Luca Cosentino, Energy Solutions, Executive Vice President Eni S.p.a.

James Yamoah, Chief Operating Officer, Ghana National Petroleum Corporation

Kholly Zono, Acting Group Chief Executive Officer, PetroSA

Moderator:

Chris Bredenhann, Africa Advisory Oil & Gas Industry Leader PwC Africa Oil & Gas Advisory

Interactive Q&A

13:00 – 14:00 **Conference Luncheon & Networking**

14:00 – 15:30 **Session 3: Global Leaders Panel Discussion**
Eastern Africa Market Focus: Significant Opportunities Advancing East Africa's Oil & Gas Sector

Ernest Rubondo, Executive Director, Petroleum Authority of Uganda

Interactive Q&A

15:30 – 16:00 **Afternoon Coffee & Networking**

16:00 – 17:30 **Session 4: Presentations:**
Confronting Challenges of Transformation & Oil & Gas Policy Frameworks for Africa's Growth

H.E. Mahaman Laouan Gaya, Secretary General African Petroleum Producers' Organization

Fred Kabanda, Division Manager, Extractives, African Natural Resources Centre, African Development Bank, Cote d'Ivoire

Ernesto Bonafe, Head of Expansion, International Energy Charter

Q&A

17:30 **Closing Remarks**

18:00 **VIP Networking Dinner**
Life Grand Cafe, V&A Waterfront
Exclusive to VIPs, Ministers, Speakers and Conference Delegates

Eastern Africa Strategic Partner

07:30 Registration & Networking Coffee

09:00 Opening Remarks & Industry Overview

09:15 – 10:30 **Session 5: On-Stage Interview:**
Independent Players: Developing Deepwater Hydrocarbon Potential

Robin Sutherland, General Manager, New Ventures, Tullow Oil

Moderator:

Bronwyn Nielsen, Editor-at-Large, CNBC Africa

Interactive Q&A

10:30 – 11:00 Morning Coffee & Networking

11:15 – 13:00 **Session 6: Global Leaders Panel Discussion**
Western Africa in the Spotlight: Unlocking The Region's E&P Potential

Austin Avuru, Chief Executive Officer, Seplat Petroleum Development Company Plc

Joseph Medou, Director E&P, Petrosen

Patrick Akorli, Group Chief Executive Officer & Managing Director, Ghana Oil Company

Moderator:

Jean-Pierre Favennec, President, Association for the Development of Energy in Africa

Interactive Q&A

13:00 – 14:00 Conference Luncheon & Networking

13:00 – 15:00

Business Luncheon in Africa
Developing Global Capability, People & Local Content in Africa's Oil & Gas
With Guest Speaker

Hosted by

Venue: Bluebell & Watsonia, Level 2

SEPARATELY BOOKABLE

14:20 – 15:45

Session 7: Presentations
The Growing Importance of Gas in the Africa Energy Mix

Niall Kramer, Chief Executive Officer, South African Oil & Gas Alliance

Dr. Eng. Harrison E. Mutikanga, Chief Executive Officer, Uganda Electricity Generating Company

Matthew Furness, Africa Regional Manager, Bechtel Oil, Gas & Chemicals

Telma Ingles, Executive Manager, Angola LNG Limited

Eric Williams, President, Royal Triangle Energy Solutions

Senior Executive, Power Africa, USAID (tentative)

Moderator:

Steve Husbands, Head of Commercial Oil and Gas Advisory SLR Consulting Limited

Q&A

Western Africa
Strategic Partner

15:45 – 16:15

Afternoon Coffee & Networking

16:15 – 17:30

Session 8: Presentations
Fueling the Future: Innovative Finance & Investment Models for Africa's Energy Transition

Driving Economic Growth for Africa's Energy Transformation

Dr. Christopher Marks, Managing Director & Head of Emerging Markets, **EMEA, Mitsubishi UFJ Financial Group**

Paul Eardley-Taylor, Head of Oil & Gas, **Southern Africa, Standard Bank**

Up-Scaling Investment in Africa's Energy Markets

Peter Ballinger, Managing Director, **Africa, Overseas Private Investment Corporation**

Galib Virani, Partner, **LOA Energy**

Igor Hulak, Partner, Head of Utilities & Oil & Gas Practices in West Africa, **A.T. Kearney**

 Gas Field Development & Planning	 Power Generation & Utilities	 Transmission & Distribution	 E&P Geoscience	 Regional Content

SESSION 1

Time: 09:30 - 10:45
COTES Theatre, Exhibition Floor

E&P GEOSCIENCE

E&P Challenges & Opportunities | Applied Geophysics | Basin Analysis & Mature Fields | Reservoir Characterisation

09:30 - 09:45 Hilton Banda, President, Geoscientist Association of Malawi-GAM

10:30 - 10:45 Panel Q&A

SESSION 2

Time: 11:15 - 12:15
COTES Theatre, Exhibition Floor

UPSTREAM OIL & GAS

African Potential for Unconventional Hydrocarbons | Exploration & Production Geoscience Technologies and Applications

11:15 - 11:30 Pore Pressure Prediction in Unconventional Carbonate Reservoir
Munir EL-Mahdy, Development Geologist
Khalda Petroleum Company11:30 - 11:45 Generating Accurate Gas Production Profile
Mohamed Shaaban, Reservoir Engineer Expert
ENI11:45 - 12:00 Challenges of Depth Uncertainty in the African Region and their Mitigation
Jamal Ahmad, Deputy Manager Geophysics
Essel Group

12:00 - 12:15 Panel Q&A

SESSION 3

Time: 13:30 - 15:00
COTES Theatre, Exhibition Floor

UPSTREAM OIL & GAS

Decommissioning of Offshore Upstream Infrastructure

13:30-13:45 **Preparing for Future Decommissioning**
Vindhya Patil, Legal Consultant,
Dar Al-Adalah Advocates & Legal Consultants

Production Facilities Technologies

13:45 - 14:00 **Use of intelligence in Rod Lift Systems to Produce Unconvincing Wells Economically**
Mohamed Ghareeb Ahmed, Vice President,
Eastern Hemisphere, SSI Artificial Lift

14:00 - 14:15 **Preliminary Guide Matrix for Selecting the Proper Natural Gas Treatment Methods**
Mohamed Maghraby, Gas Operations General Manager,
Agiba Petroleum Company

14:15 - 14:30 **Reducing Running Costs In Gas/Oil Separation Plants With TVP Mirrorless Solar Thermal Panels**
Jonathan Koifman, Head of Technical Pre-Sales & Marketing,
TVP Solar

14:30 - 14:45 **Fit up and Welding of Pup Piece to Casing Head Weldment**
Raymond Davis, President,
Decundi Inspection Services, LLC

14:45 - 15:00 **Panel Q&A**

SESSION 4

Time: 15:30 - 17:30
COTES Theatre, Exhibition Floor

UPSTREAM OIL & GAS

Drilling & Completion Technologies

15:30 - 15:45 **Model-Based Emissions Management Systems: Managing Energy, Emissions, and Regulatory Reporting in Gas Processing**
Michel Tia, Senator,
International Parliament

15:45 - 16:00 **Intelligent Top Drive**
Anders Henrik Holm, Segment Product Champion,
Cameron, a Schlumberger Company

16:00 - 16:15 **Foam Cement Implementation: Deepwater Angola Case Studies**
Gerson Andrade, Product Line Manager,
Baker Hughes, a GE Company

16:15 - 16:30 **Case Study: Application of Casing - Drilling Technique in the Western Desert Fields of Egypt**
Ahmed Abdelaziz, Drilling Engineer,
Khalda Petroleum Company

16:30 - 16:45 **Cuttings Reinjection Solutions**
Eduardo R. Bianco V., iWISE Sub-Surface Technical Service Engineer,
MI-SWACO, a Schlumberger Company

16:45 - 17:00 **Low Cost Wells Changed Field Economics: A Case Study of Sui Field**
Umair Ahmed Baig, Drilling Engineer,
Pakistan Petroleum Limited

17:00 - 17:15 **Drilling Fluids Automix**
Vidar Hestad, Segment Product Champion,
Cameron, a Schlumberger Company

17:15 - 17:30 **Panel Q&A**

SESSION 5

Time: 09:30 – 10:30
COTES Theatre, Exhibition Floor

UPSTREAM OIL & GAS

Improved Oil Recovery / Enhanced Oil Recovery

09:30 – 09:45 Innovative Case Studies: Multi Well Hydraulic Intervention Campaigns using Unique Flow Access Technology
Tom Bryce, Marketing Director,
Enpro-Subsea

09:45 – 10:00 Case Study FNE Field: The Effect of Casing and Cementing Integrity on Thermal Well's Performance
Ali Faroug, Consultant of Production & EOR,
Sudapet

10:00 – 10:15 Field-Development-Plan Optimization for Recovery Improvement Case Study, Neag-2, Western Desert, Egypt
Mohamed Fahmy, Senior Reservoir Engineer,
BaPetCo

10:15 – 10:30 Panel Q&A

SESSION 6

Time: 11:00 – 12:45
COTES Theatre, Exhibition Floor

GAS PROCESSING TECHNOLOGY

Acid Gas Removal & Sulphur Recovery

11:00 – 11:15 Reducing Topsides Complexity in Offshore Gas Conditioning Facilities
Twan Verweij, Conceptual Design Engineer,
Twister B.V.

Liquefaction & Cryogenic Process

11:15 – 11:30 Turboexpanders: Modern Workhorse for Process Refrigeration and Power Recovery
Joseph K Lillard, Technology Manager,
Atlas Copco Gas and Process

FLOATING LNG: LIQUEFACTION & REGASIFICATION

Ship to Ship Transfers and Mooring Design

11:30 – 11:45 New Rules for Classification of FSRUs
Philippe Cambos, Director,
Bureau Veritas, France

GAS FIELD DEVELOPMENT & PLANNING

Integrated Supply Chain Modelling and System Debottlenecking

11:45 – 12:00 Domestic LNG Gas Supply Chain: Against the Odds
Excel Ukpohor, Asset Reference Plan Coordinator,
Nigeria LNG

12:00 – 12:15 Panel Q&A

SESSION 7

SESSION 9

Time: 09:30 – 11:00
COTES Theatre, Exhibition Floor

POWER GENERATION & UTILITIES

Overcoming Distributed Demand

09:30 – 09:45 **Improving Reliability, Affordability and Sustainability with Turbine Augmentation**
Peter Gibson, Chairman & CEO,
Stellar Energy, USA

Challenges of Bringing New Plants Online

09:45 – 10:00 **Generation & Distribution: Growth and Industrialization of Regional Economies of Nigeria**
Dr. Sashi Mozumder, Project Director,
Contec Global Energy Ltd, Nigeria

Challenges of Integrating Renewable Energies Into Existing Infrastructure

10:00 – 10:15 **Designing Integrated Ground Heat Pump with a Solar Thermal Absorption Chiller for Cooling & Heating**
Mohamed ElSadek, Sustainable Energy Engineer,
ONSPEC TAWAKOL

10:15 – 10:30 **Techno-Economic and Investment Analysis of Concentrated Solar Power Projects in Nigeria**
Olutosin Ogunleye, CPEEL University of Ibadan,
Nigeria

10:30 – 10:45 **Renewable Energy: Will it be a Solution for Future Global Energy?**
Okochi John Michael Maxel, Lecturer & Consultant,
Smishel International Consulting Group, Uganda

10:45 – 11:00 **Panel Q&A**

SESSION 10

Time: 11:30 – 12:30
COTES Theatre, Exhibition Floor

TRANSMISSION & DISTRIBUTION

Improving Efficiency and Operational Standards

11:30 – 11:45 **Cost Reduction: In-Depth Review for the Future & Sustainability**
Dr. Tamer Badwy, Contracts & Procurement Manager,
BP Egypt

11:45 – 12:00 **Evaluation of Electrical Energy Demand: Management Measures for Nigeria's Residential Sector**
Olusola Akinsanya, Chief Lecturer, Federal Polytechnic,
Ado Ekiti Nigeria

Managing and Ensuring Power Quality

12:00 – 12:15 **Strategic Management of Electricity Generation: Lessons from China's Energy Sector**
Okochi John Michael Maxel, Lecturer & Consultant,
Smishel International Consulting Group, Uganda

12:15 – 12:30 **Panel Q&A**

SESSION 11

Time: 13:30 – 15:30
COTES Theatre, Exhibition Floor

DOWNSTREAM & REFINING

Digital Transformation for Downstream Operations

13:30 – 13:45 **The Path to Sustainable Energy Efficiency**
Andrew Dennant, Refining Director,
Emerson

Project Management, Engineering Technology and Implementation

13:45 – 14:00 **A Critical Examination of Refinery Oil Demand Dynamics**
Okoche John Michael Maxel, Lecturer / Consultant,
Smishel International Consulting Group

14:00 – 14:15 **Overcoming Refinery Feedstock Challenges using Modern Desalters**
Marcus D. Sprenkel, Principal Engineer,
Schlumberger OneSurface, USA

14:14 – 14:30 **Enhancing Offshore Platforms**
Abdallah Farahat, Senior I&C Projects Engineer,
Agiba Petroleum Company

Future Marketing, Distribution and Application of Refined Products

14:30 – 14:45 **West African Energy Market Integration: Natural Gas Success Factors and Challenges**
Excel Ukpohor, Asset Reference Plan Coordinator,
Nigeria LNG

14:45 – 15:00 **Distribution of Acids in Crude Oil Products**
Mohammed Abdallah Hussein, R&D Chemist,
Ministry of Oil & Gas, Sudan

15:00 – 15:15 **Enhancing Offshore Platforms**
Abdallah Farahat, Senior I&C Projects Engineer,
Agiba Petroleum Company

15:15 – 15:30 **Panel Q&A**

SESSION 12

Time: 16:00 – 17:00
COTES Theatre, Exhibition Floor

UPSTREAM OIL & GAS

Supported by

African Potential for Unconventional Hydrocarbons

16:00 – 16:10 **Egypt's Shale: Mapping the Unconventional Hydrocarbon Potential from Western Desert to North & South Gulf of Suez**
Nadine El Tanahy, Undergraduate, Student and Production Engineering Assistant,
Apache, The American University, Egypt

16:10 – 16:20 **New Potential for Unconventional Oil and Gas Resources**
Ahmed Farag, Student,
Future University in Egypt**

16:20 – 16:30 **Improving Bitumen Transportation by Ultra-Sound Stimulation**
Ronald Nguete, Assistant Professor,
Kyushu University, Japan

Exploration & Production Geoscience Technologies and Applications

16:30 – 16:40 **Systematic Evaluation of Fault Seal Integrity in the Southern Pletmos Basin, Offshore South Africa**
Sanelisiwe Mhlambi, Post-Graduate Student,
University of the Western Cape

16:40 – 16:50 **Inversion of Acoustic Properties and Pore Pressure Ahead of the Drill-Bit Using Borehole Seismic Data**
Rufino David, Student,
Universidade Agostinho Neto

16:50 – 17:00 **Panel Q&A**
