## XVI CASP - ANNUAL PRIVATE SECTOR CONFERENCE

The Government of the Republic of Mozambique and the CTA - Confederation of Economic Associations of Mozambique to hold the XVI CASP - Annual Private Sector Conference will be held on 13 and 14 March 2019, in the International Conference Center Joaquim Chissano, Maputo City, under the theme: **"Improving the Business Environment to Accelerate Economic Recovery!"**.

The XVI Annual Private Sector Conference will be held in a context in which the country is recovering economically and improving its position in Doing Business according to the latest report.

### Objectives

- Promote investments and industrialization through oil and gas;
- Discuss options to boost the development of Agro-business value chains;
- Reflecting on how to do business in

Mozambique;

- Promote investment in PPP's or other infrastructures;
- Create a business network between national and international companies.

# XVI CASP

## INVESTMENT SUMMIT

### This CASP will have three components:

- Reforms to improve the business environment;
- Investments Promotion;
- EXPO CASP 2019.

The reform component is already the traditional CASP, where the Government and the Private Sector discuss reform priorities to make the business climate more friendly.

In the investment promotion component, will have the CASP - Investment Summit which will consist of bringing together promoters of projectors, financiers and proponents. Therefore, the CASP - Investment Summit is a platform focused on producing concrete results and contributing to the economic recovery of Mozambique.

For this purpose, it shall be structured as follows:

**Call for projects:**  
companies submit proposals

**Preparation of projects:** preparation level of project is tested.

**Investor contact:**  
NDA's and share projects with investors

**Schedule Boardroom session:** place and time

**CASP – Investment Summit**

STEP BY STEP TO CASP – INVESTMENT SUMMIT

In the **EXPO CASP 2019** component, this is a specialized fair for companies that supply goods and services for the oil and gas and extractive industries, as well as agribusiness. These supplying companies will expose:

- Products and services for the oil and gas and mining industry;
- Demonstrate your ability to deliver products and services;
- Its internal certifications and / or production and management processes.

Interaction with large companies will reduce the information gap, as well as help to bring major oil and gas and extractive industries closer to companies that supply goods and services.

Besides products and services of companies, in this fair you can find:

- Support services for private sector development, whether financial or technical assistance;
- Private interaction space for the selection of company-specific partners.

# BUSINESS BENEFITS TO BE IN XVI CASP

**NETWORK:** Opportunity to be present in all value chains productive sectors.

**KNOW HOW:** Monitor the updates of oil and gas development and mining industry.

**INTERNATIONAL ALLIANCES:** Greater possibility of interaction with investors and international partners to explore strategic partnerships in various business areas.

**INTERACTIONS:** Evaluate the competition and gain valuable feedback from potential customers, translated into more than 2000 attendees at this event.
