

## REQUEST FOR EXPRESSION OF INTEREST

### HIRING OF A CONTRACTOR OR CONSORTIUM OF CONTRACTORS TO CARRY OUT SOUTH BANK ROCK MASS STABILIZATION PROJECT AT CAHORA BASSA DAM

#### TENDER Nº: HCB/DSA/Empreitada Consolidação Encontro Direito da Barragem/003/2019

Hidroeléctrica de Cahora Bassa, S.A. («HCB») intends to hire a contractor or consortium of contractors for the provision of services related to the linking and stabilization of the rock mass from the right hand slope, downstream of the dam, in Songo village, Tete Province.

The scope of the service to be carried out by the contractor or consortium of contractors is subdivided into two areas (area 1 and area 2), with a total estimated size of 50.000m<sup>2</sup> consisting of:

- Review of the existing studies and Projects in HCB regarding the consolidation of the rock mass, in right downstream of the dam;
- Elaborate the executive project for the consolidation of the rock mass in right downstream of the dam in the area 1 & 2;
- Identify and evaluate all risks associated with the work to be carried out and propose effective and feasible measures to mitigate the associated risks.
- Perform the right hand slope stabilization works, according to the execution plan to be approved in advance by HCB, within the agreed deadlines, desired quality, in compliance with all norms and procedures of work health and safety including environmental issues;
- Propose and implement a knowledge transfer plan for the HCB team in projects or works related to consolidation of rock masses;

For this effect, companies interested in participating in this tender must meet the following minimum eligibility requirements:

1. Have a certificate of commercial registration that authorizes them to carry out the activity;
2. Submit the Declaration that no insolvency and recovery proceedings are filed against the company;
3. Have proven experience in the aforementioned area, for this purpose, at least (3) three reference letters from companies that they have successfully carried out projects of design and construction of rock stabilizations using anchorages, containment networks, gabions and coatings of concrete in the last 10 years, budgeted at more than US \$ 5 million per project.
4. Present an average annual turnover in the last 5 years exceeding USD \$ 10 million.
5. Have an experienced key technical team, each team member with minimum experience of 10 years in the relevant areas, for that the contractor must present their curriculum.
6. Present the detailed list of all equipment necessary to carry out a work mentioned above;
7. Have a work health and safety policy, as well as quality and environmental management policies appropriate for the above mentioned works;

Interested companies that meet the minimum eligibility requirements mentioned above must express their interest by sending an e-mail to: [tender.slopestabilization@hcb.co.mz](mailto:tender.slopestabilization@hcb.co.mz).

Replies to the expression of interest should be sent to the aforementioned address by "March 25<sup>th</sup>, 2019 at 5:00 PM".

In the aforementioned Manifestation of Interest, the **text "HCB/DSA/Empreitada Consolidação Encontro Direito da Barragem/003/2019"** must be included in the "Subject" of the e-mail.
